DUKE POWER CUSTOMER

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

Duke Power is changing its logo is. I don't think that this change will improve customer service or the efficiency of electrical service provided.

This , logo change is very expensive when you consider the costs of changing stationary, logos on vehicles ,full-page ads in newspapers and magazines, changes in uniform decals etc. etc. etc.

Duke Power is currently asking for a rate change. I hope that the costs of this logo change is not included in the costs justification by Duke for this rate increase.

The cost of this change should be excluded from any consideration of a rate increase

3. Do you wish to make an appearance at a hearing in this proceeding , if scheduled, and offer sworn testimony? *
